News

Attend Green Construction Apprenticeship: What Women Need to Know on June 29, 5:30-7:30 p.m.

This **free** forum is designed to give women straight answers about Registered Apprenticeship and the green industry. Registered Apprenticeship is a 2-5 year training program where women can “**earn while they learn**” a construction career through on-the-job-training and classroom instruction. [Learn More](#)

CollegeInColorado.org: For Students of All Ages

College in Colorado, a free web resource, promotes access to, affordability of and success in higher education for students of all ages and offers a one-stop resource to help students plan, apply and pay for college. Services are available for people in career transition as well as for those right out of high school. [Learn More](#)
